KIDSPPOINT CHILDREN'S MINISTRY

At KidsPoint Ministry we desire not only teach children about the love of Christ, but also support parents as they raise their children to love Him. We focus on how the children's words and actions can influence their schools, homes, friends, and community. We believe raising these kids in the way they should go is one of the highest callings, and we take that call very seriously as we lead tomorrow's leaders.

It has been a continuous blessing to see the lives of these children changing and growing. The oldest kids have been with me since they have been kindergarteners and now to see them as 5th graders, truly being Jesus to the other students and being the leaders of the room JUST AS KIDS is amazing to me! God has big plans for their lives and I'm glad to have played a small role in that journey.

STORIES

ENCOUNTER. GROW. GIVE.

"Having our three children involved in KidsPoint has been not only an amazing experience for our children but also for us as parents. With so many outlets vying for our children's attention and minds, KidsPoint has been a wonderful source of Godly teaching and influence. We are thankful that we were led to GracePoint to worship as a family and to have KidsPoint help nurture a firm foundation for our children in their walks with Christ. As a parent there isn't anything sweeter than hearing your children worshipping, praising, and praying to our Lord and Savior."

~ KERBIE & STEFANIE SLEGGERS

(Mom and daughter talking about church the day of the big April blizzard)

Isla: Mom, are we going to church tomorrow?

Mom: I hope so, if it stops snowing.

Isla: I LOVE everything about church! The songs, the stories, the games, the people, even the smell!

~ ISLA EIDSSNESS, 8 years old
